Jewish Federations, Welfare Funds, Community Councils

This directory is one of a series compiled annually by the Council of Jewish Federations and Welfare Funds. Virtually all of these community organizations are affiliated with the Council as their national association for sharing of common services, interchange of experience, and joint consultation and action.

These communities comprise at least 95 per cent of the Jewish population of the United States and about 90 per cent of the Jewish population of Canada. Listed for each community is the local central agency—federation, welfare fund, or community council—with its address and the names of the president and executive officer.

The names “federation,” “welfare fund,” and “Jewish community council” are not definitive and their structures and functions vary from city to city. What is called a federation in one city, for example, may be called a community council in another.

In the main these central agencies have responsibility for some or all of the following functions: (a) raising of funds for local, national, and overseas services; (b) allocation and distribution of funds for these purposes; (c) coordination and central planning of local services, such as family welfare, child care, health, recreation, community relations within the Jewish community and with the general community, Jewish education, care of the aged, and vocational guidance, to strengthen these services, eliminate duplication, and fill gaps; (d) in small and some intermediate cities, direct administration of local social services.

In the directory, the following symbols are used:

1. Member agency of the Council of Jewish Federations and Welfare Funds.
2. Receives support from Community Chest.
