1961 the states enacted more civil-rights statutes than in any other year in history. It is followed by articles on church-state issues and anti-Jewish agitation.

An authoritative survey of Jewish school curricula in the United States, by Dr. Samuel Dinin, is supplemented by a selected bibliography, which should prove useful to educators and parents.

The present volume also provides basic data about the Jews in America: population, geographic distribution, religious life, social services, and other communal interests.

The situation of the Jews in Europe, Africa, South America, and the Middle East is set forth objectively and in considerable detail.

In addition, the Year Book provides large, carefully-organized directories of national Jewish organizations and of periodicals. Religious calendars, obituary notices, and a bibliography of significant books published in 1960-61 are also included.

A complete index makes this large body of information readily accessible.
The standard, authoritative record of the events and significant trends in American and world Jewish life. Communal workers, librarians, clergymen, journalists, teachers, and students will welcome the Year Book as an invaluable reference tool. The general reader interested in Jewish life will find the special features and reviews stimulating, informative, and lucid.

Approximately 640 pages of special summaries, analyses, reports, directories, lists, tables, calendars, bibliography, statistics, index. Attractively designed, the American Jewish Year Book will be a welcome addition to every reference shelf and home library.

The American Jewish Year Book has been widely hailed as an indispensable and highly readable source of information on Jewish affairs.

"One of the best (reference works) in the United States and certainly the best in the field of Jewish affairs."—Jacob R. Marcus, Professor of Jewish History, Hebrew Union College-Jewish Institute of Religion.

"The American Jewish Year Book is a unique compendium of Jewish information expertly organized, and an indispensable aid to all those concerned with Jewish life and affairs the world over."—Louis Finkelstein, Chancellor, Jewish Theological Seminary of America.

"The Year Book is a truly great work."—Willard Johnson, National Conference of Christians and Jews.

"A splendid achievement."—Cecil Roth, author of Jewish Contributions to Civilization, and other works on Jewish history.
