Issues of the Day.” Alvin Chenkin and Maynard Miran provide revised U.S. Jewish population estimates.

Jewish life around the world is reported on in a series of articles dealing with Israel, Canada, Argentina, Great Britain, France, Germany, the Soviet Bloc nations, and South Africa. There is an analysis of the human rights implications of the Belgrade Conference. New estimates for the world Jewish population are given.

Carefully compiled directories of national Jewish organizations, periodicals, and federations and welfare funds, as well as religious calendars and obituary notices, round out this highly regarded reference work.
THE STANDARD, AUTHORITATIVE RECORD of the events and trends in American and world Jewish life. Communal workers, librarians, clergymen, journalists, teachers, and students will welcome the YEAR BOOK as an invaluable reference tool. The general reader interested in Jewish life will find the special features and reviews stimulating, informative, and lucid.

Special summaries, analyses, reports, directories, lists, tables, calendars, statistics, index. Attractively designed, the AMERICAN JEWISH YEAR BOOK will be a welcome addition to every reference shelf and home library.
