**THE SPEECH GIVEN BEFORE THE CHRISTIAN
FRONT MEETING, HELD IN QUEENS VILLAGE, LONG ISLAND,
NEW YORK, ON OCTOBER 6TH, 1945, DELIV-
ERED BY Mrs. CATHERINE V. BROWN, ORGANIZER OF THE
NATIONAL BLUE STAR MOTHERS OF AMERICA,
1019 HARRISON BUILDING, PHILADELPHIA, PENNSYLVANIA.**

Mr. Chairman and fellow-Christian-American-Patriots:

I am honored in being asked to address a meeting of Christian-American patriots such as I see before me this evening. It proves the point I have had in mind for some time, that there is immediate need for the concentration of all Christian forces that their voices may be heard above the din of the anti-God. There are over thirty million homes in this nation, and at the door of every one stands a woman. To such homes will come the returning American soldier, many permanently disabled. Their work of fighting to save this Republic is finished. They have thrown the torch to carry on the struggle to their mothers, their wives, their sisters and their sweethearts. Will we be less courageous than they have been? While these same sons of America fought and died on the hot sands of Africa; in the slimy, malaria infested Guadalcanal, and drowned by the thousands in the waters of the Normandy beaches, many of the mothers and fathers here at home watched helplessly the power of our representative form of government pass into the hands of the alien-minded few. Americans fought this war with infinite courage and high idealism. Their aims were not to establish the Soviet System from the Atlantic to the Pacific in Europe and Asia! Many believed we fought for the "four freedoms-- everywhere". More than 250,000 were killed in action in that belief.

During the war, informed patriots were silenced, but unconvinced, by the shouting and tumult. It was not a "holy war". No war that has ever been fought for "freedom" has enslaved as many races, obliterated as many nations! We shouted to high Heaven about "slave labor" when Germany put prisoners to work. Now that we have won the battles for "self-determination of peoples", we not only permit enslavement on the grand scale,-- we acquiesce in it, in an attempt to placate the Talmudists at home and the little band of slave owners at Moscow. A little of this "self-determination" could certainly be used in Spain and the Argentine!

Immediately prior to our entry into the war, even that propaganda tool-- the Gallup Poll --showed nearly ninety percent of our people utterly and uncompromisingly opposed to our entry. Those few who had vision and courage prophesied that the administration would find a "back door" entrance. Now the light of truth commences to filter thru, that a so-called "sneak attack" at Pearl Harbor was known in advance-- well in advance! Who here can say that it wasn't pre-arranged by our own leaders; that the slaughtered three to five thousand innocent victims were not deliberately bottled up, unwarned and defenseless, at Pearl Harbor; that their lives and our entire Pacific Fleet were not willingly laid upon the altar of one man's insatiable ambition to lead a European war of racial revenge, tho the Heavens fall and the world crumbles?

Now we reap the whirlwind-- a discouraged, bankrupt, hungry world; our Constitutional Republic all but ripped to shreds, and the

Talmudic plotters of world red revolution, operating thru venal, traitorous, controlled politicians, victimizing honest laborers thru dishonest unions and scheming, alien leadership, into what can only eventuate in chaos, anarchy, and the destruction of all that we hold dear in America. These same alien forces have also furthered their control of American life thru the functioning of the Office of Price Administration, commonly known as OPA, and with a certain Israel Moses Sieff of Great Britain as its head at one dollar per year. This Bureau was set up to destroy Free Enterprise! Witness the passing of the small businessman from our midst. There is one thing you can do in this regard. You can voice your protest against the ascendancy of "this minority" in our government, our courts, in the practice of medicine and pharmacy; in the control of commodities and foodstuffs, and in the prostitution of every molder of public opinion from press and radio to stage and screen. This whole program of Political and Economic planning was very ably set forth by the late Honorable Louis T. McFadden, Congressman from Pennsylvania, in speeches before that august body in 1934. He expressly stated that it is the Jewish plan of a World State. Is this the appointed time for the money manipulators, the International Pawnbrokers, to put over their Messianic plan of world domination?

This illusion of a world plan, with its world bank, world control of economic resources, with your eighteen year old sons to be the policemen to whom will go the job of enforcing military rule over the poor peoples of the world, gives rise to this question: where do we find the promise of a world peace? To have complete control of world trade, the world conspirators must get possession of Palestine, which has been called the center of the earth. The power that controls Palestine controls the world. The racial situation in Palestine just now is very delicate. Americans do not understand it. Therefore, we would be wise to see to it that we take no part in a war that may be created there to get control of Palestine, so sorely needed to control world trade. Are we in the United States going to help to displace the Arab, who has lived there for two thousand years, so that a racial minority may gain world ascendancy?

My fellow Christian Americans, by the grace of Providence and an act of God, we still have our Constitution. Now that the gag of war is removed, and the false charge of "sedition" is lifted, we again have the God-given right of free expression without being charged with obstructing the war effort, because we cannot, we will not endure domination by an anti-Christian minority in this Christian land! Christianity today faces another Calvary; America faces another Valley Forge! Is this the time to show the white feather? Shall patriots, native-born citizens who have fought to make and maintain America, and whose sons, fathers, brothers, husbands have died for America, now step aside for the horde of refugees to "take over"? Are we going to let the smear-bund, the Anti-Defamation League, B'nai B'rith and other pressure groups terrorize us into cowardly retreat? Those who think so are mistaken in their judgment of Americans. We will not repudiate our heroes. We will not see the Temple that is America destroyed by an Asiatic horde speaking broken English. We are not willing, and God willing, never will be, to trade the glorious principles of Christian Americanism for those of atheistic materialism!

Therefore, as a fitting climax to this wonderful meeting, it

would seem that we all have a duty to perform, for ourselves, our God, our Country, and our children. May I suggest that you use your Constitutional right of Petition in addressing yourselves to your representatives on all matters concerning the national welfare, most important of which is the giving back to Congress its right to coin and regulate money. Request the dissolution of the privately-owned Federal Reserve System, and take note of the many Bills concerning labor legislation, and the rights of returning veterans. Also, protest any legislation setting up a United Nations Capitol.

May I read you a letter which we sent to our Mayor of Philadelphia, with copies to all Councilmen. These are only a few of the things you can do to get your Country back:

Honorable Bernard T. Samuel,
City Hall,
Philadelphia, Pa.

Dear Mr. Mayor:

At a joint meeting of the National Blue Star Mothers of America and the Current Events Club held in the White Room of the Patriotic Order Sons of America Building, 1317 N. Broad St., Phila., Pa., on Friday, Sept. 28, 1945, it was unanimously RESOLVED that a written protest be sent to your office and City Council, all newspapers, and other interested parties, opposing the appropriation of any Taxpayer's money for the printing of books or pamphlets endorsing the proposal of making Philadelphia the Capitol of the United Nations. We believe that any such appropriation would be an infringement on taxpayers' rights.

We believe this scheduled appropriation to be the direct result of the packed hearing held in your office a few months back, and sponsored by the Union-Nowers, World Federationists, World Unicneers, etc., organizations which we deem to be inimical to our Constitutional form of government, and snacks of subversiveness and un-Americanism.

As an alternative, would it be asking too much of Council to grant us the same appropriation in order that we can have books or pamphlets printed exposing this attack on our national sovereignty?

Yours very truly,
LILLIAN PARKS,
Secretary,
NATIONAL BLUE STAR
MOTHERS OF AMERICA.

Make no mistake-- those who shout loudest about "tolerance" are the most INTolerant of Christianity. Those who wail about persecution are the persecutors of America and Americans. They are in the drivers' seat today. The time has come for concerted action to save America and drive them out!

Before I leave you, I would like to say a few words for a great American, a great Christian, and a great Priest, who has been

forced into retirement; whose Golden voice has been silenced. Need I tell you that I am speaking of Father Coughlin? I respectfully ask this Christian American audience to join me in a supplication that Father Coughlin may be brought back to the air again, and that the Voice of Truth may be heard once more in the homes of America's Christians.

Forward Christian Americans!
