

# CALENDARS

## CALENDARS

The year 5715 is called 715 (תשט"ו) according to the short system (לפ"ק). It is a regular common year of 12 months, 51 Sabbaths, 354 days. It begins on Tuesday, the third day of the week. The first day of Passover falls on Thursday, the fifth day of the week. Therefore the year's sign is גכה, ג for the third, כ for כסדרה (regular) and ה for the fifth. It is the fifteenth year of the 301st lunar cycle of 19 years and the third year of the 205th solar cycle of 28 years since Creation, according to the traditional Jewish reckoning. This is the third year in the cycle of Sabbatical Years (Shemithah) according to the traditional computation.

The year 5716 is called 716 (תשט"ז) according to the short system of reckoning (לפ"ק). It is a complete common year of 12 months, 51 Sabbaths, 355 days. It begins on Saturday, the seventh day of the week. The first day of Passover falls on Tuesday, the third day of the week. Therefore the years sign is זשג, ז for the seventh, ש for שלימה (perfect) and ג for the third. It is the sixteenth year of the 301st lunar cycle of 19 years and the fourth of the 205th solar cycle of 28 years since Creation, according to the traditional Jewish reckoning. It is the fourth year in the order of Sabbatical Years (shemithah) according to the traditional computation.
